CHAPTER SIX

FATHER OF LIGHTS

CHAPTER SIX: FATHER OF LIGHTS

**Call unto Me
and I will answer thee
and show thee
great and mighty things
that thou
knowest not.
Jeremiah 33:3**

The secrets of the universe are for the knowing. The planets and their placement. The Times and the ages to come.

Before this world began, He hung the stars in place. He beheld their beauty and He designed each to their own unique character.

Even Mars in itself was a thriving and flourishing planet. The galaxies around the earth were created for mankind to enjoy and discover.

Like Him, we love to discover.

Like Him we love adventure and discovery.

Before the world began, we existed in Him. Particles of pure energy all in sync with Him and each other. Knowing each and everyone by name and nature. Now we meet and live again this life with each other. We have always known each other in the Father.

Existence did not begin for us on this earth. Only on this earth our flesh was joined to us. Always known as His children and still known as His children, we have been birthed through His design to be the children of God upon this earth.

For time and times to come we are His love objects. Each one cherished uniquely and completely.

Meant to care for each other and cherish each other and by so doing, we honour Him our Father and our mother, our God and our King.

He is the manifest glory of all creation. He is light and love itself. Piercing darkness that exists upon this earth, His very nature of light and love are the essence of our created beings.

Lucifer, Satan himself has set his own agenda to deceive and defile mankind until he has destroyed us - God's own children and offspring.

We are placed upon the earth by our own mutual choice with Him - the Father. Forgetting Him, we are given the extreme freedom to choose Him again. He, our Father does not want a forced love. He requires free love from

us, not a love from a captive nor a slave's love. We are given the choice, to choose His essence, love and light and to be like our Father. Or to choose another.

Who we choose, we become like.

Children know their God and their Father, but in early years, Satan's workers, fallen angels, demons are at work to violate and deceive and frighten and torture God's children.

Their time of judgement will come. Their will be no mercy for demons. The Lake of Fire awaits them.

The children of God who deliberately choose evil and who do not repent and turn from this evil will follow the demise of those they choose to follow - the demons, the Lake of Fire.

Evil cannot enter God's home - heaven. Only by being separated from all evil can we, His children be destined for life forever with Him again. Only by choosing to accept His Son's great sacrifice in paying for our sin with His innocent blood can we be restored back to His place for us. In His heart, His Holy mountain, the fire stones that burn in magnificence and beauty.

To be called
to set His heart on fire
for all ages and times
is a beautiful thing.
The God of light and love.
“Father of Lights”.
He, our Father of Light
and love and we,
created in His likeness,
beings of light.

Father of Lights - we are the
lights. Particles of pure energy
that existed in Him. Birthed in
flesh upon the earth to bring Him
glory. To choose to love Him.
Given freedom of choice.

What a wonderful God.
What a loving Father, that does
not demand our love but hopes
for a love like a doting Father.
Lover of our souls.

Love is His essence. Light is
His essence. We, like Him, are
created to shine. We, like Him,
are created to love all persons and
all creatures. We, like Him, are
adventurers. We, like Him, long
to know the mysteries that are set
before us.

He is raising us, His children
to walk in His ways. To choose
like He chooses, to rule like He
rules. To create like He creates
and to devour and destroy all
darkness from our territories.
Rulers over darkness and
commanders of creation. We too
are created to bring life and to
bring light to our environments.
Soon to be home again with Him
and prepared for our next
adventure and mystery age. He
has such wonders awaiting us.
There are times and ages to come
that we cannot imagine - that will
never end.

Choose Him.
Receive His plan.
Let His Son Jesus
be your Lord.
Be taught by Him.
Know His great love
for you.
A God of love,
desiring to be loved.
Desiring to be loved
by His own children.
Desiring that we in turn
love each other.
